PATTERN INVENTORY & CUTTING LAYOUT

STANDARD SEAM & HEM ALLOWANCES

Use the seam and hem allowances printed on each pattern piece. Verify every allowance label before cutting fabric.

PATTERN PIECE INVENTORY & CUTTING SCHEDULE

Piece Name	Cut Quantity	Material / Interfacing
Apron Main Body	Cut 1 on Fold	Main Fabric
Bib Patch Pocket	Cut 1 in Canvas	Main Fabric
Divided Tool Waist Pocket	Cut 1 in Canvas	Main Fabric
Cross-Back Straps	Cut 2 in Heavy Webbing or Canvas	Main Fabric

FABRIC PREPARATION & CUTTING RULES

- Press fabric before cutting to remove packing folds and pre-shrink fibers.
- Align piece grainlines strictly parallel to fabric selvages.
- Transfer notch markings with small 3 mm snips into the seam allowance margin.

MULTI-PAGE TILE ASSEMBLY INSTRUCTIONS

1. Check Sheet 1 calibration square before printing the remaining pattern sheets.
2. Trim right and bottom border lines along the dashed perimeter frame.
3. Match corner crosshairs, such as A1 to A2 and B1 to B2, without overlapping.
4. Tape sheets securely on both sides before cutting paper pieces.

STEP-BY-STEP SEWING INSTRUCTIONS

Step 1: Finish the Studio Apron Body

Staystitch the curved side transitions on the Apron Main Body. Turn the side and lower edges to the wrong side in two narrow folds, press the curves smoothly, and topstitch the double-fold hem without stretching the bib.

Step 2: Prepare the Bib Pencil Pocket

Turn and stitch the upper edge of the Bib Patch Pocket, then press its side and lower allowances to the wrong side. Transfer the pencil-slot line and reinforce the top and bottom of that line with short backstitches.

Step 3: Divide the Waist Tool Pocket

Finish the upper edge of the Divided Tool Waist Pocket and press its remaining allowances under. Transfer every printed studio tool-slot line before pinning the pocket to the Apron Main Body.

Step 4: Topstitch the Studio Pockets

Topstitch the Bib Patch Pocket and Divided Tool Waist Pocket to their placement marks. Sew each vertical tool-slot division from the lower edge to the pocket opening and bartack the upper end so loaded tools cannot tear the pocket.

Step 5: Attach the Cross-Back Straps

Finish both Cross-Back Straps, check that they are equal in length, and place their ends right sides together against the upper bib corners. Stitch and turn the straps upward, then secure each attachment with a reinforced Box-X.

TROUBLESHOOTING & PRO SEWING TIPS

Issue: Seams puckering along stitch line

Fix: Insert fresh needle and test balance on fabric scrap.

Issue: Wavy edge along curved perimeter

Fix: Staystitch immediately after cutting and use walking foot.
