A technical drawing of a roof plan, likely for a building with a complex roof structure. The drawing shows a rectangular layout with several lines indicating structural elements and dimensions. The lines are drawn in black on a white background. The drawing includes a solid line representing the outer boundary, a dashed line representing an internal boundary, and a dotted line representing a third boundary. The lines are drawn at various angles, suggesting a non-orthogonal roof structure. The drawing is oriented horizontally, with the longer sides of the rectangle running from left to right. The lines are drawn with varying line weights, with the solid line being the thickest and the dotted line being the thinnest. The drawing is a technical representation of a roof plan, showing the layout of the roof and the structural elements that support it.
